Monday, October 4, 2021

8:00 am Networking Breakfast, Neeley School of Business

9:00 am Texas Economic Outlook: Positioning Business Schools for Success
The pandemic and the downturn of the oil industry had a terrible effect on the Texas economy. Where is it now and where is it headed? How can b-schools position themselves to take advantage of the upcoming boom?

10:00 am The Corporate Perspective on the Talent of the Future
To remain relevant, Deans need to keep a close pulse on the business community. A panel of CEOs will share their hiring needs in terms of skills sought, gaps and other opportunities.

11:00 am NETWORKING BREAK

11:30 am Leveraging Centers of Excellence to Drive Innovation
The Neeley Centers of Excellence sit at the intersection of Business and the Academy. Join this session to learn how their unique outcome-driven model drives results for key stakeholders.

12:45 pm LUNCH
During lunch, Maria Baltar, Assistant Vice President, Accreditation Operations and Implementation at AACSB International, will provide an AACSB Update short presentation.

2:00 pm Innovating Towards the Future: A Panel Conversation with B-School Deans
The conference will culminate with a panel conversation of Business School Deans who will share what they are doing to take advantage of economic trends, corporate needs, and other opportunities to remain relevant in an everchanging world.
