# GROW YOUR WORTH

## The TCU Neeley Difference

Remember undergraduate school? This is completely different. You put a small group of smart professionals in a room with passionate professors... and magic happens. The professor is explaining concepts that make everything you've seen on the job in the last few years suddenly click into place. Hands are shooting up. Eyes are lighting up. That's how it is here – every single class.

## Hands-on Experience and Real Clients

There is more to getting an MBA than reading textbooks and taking exams. The real test is how you perform in the workplace. As a Neeley student, you have the opportunity to participate in experiential learning and work with real-world clients.

### Neeley & Associates Consultants

- Deliver solutions for impressive companies
- Work alongside professional consultants, executives and faculty experts
- Work on projects in areas such as Marketing, Strategic Planning, Data Assessment and Recommendations, Financial Modeling, Operational Assessments, Process Improvements and more

### Educational Investment Fund

- Manage a \$1.75M portfolio benefiting two charitable organizations
- Experience the real risks and rewards investment professionals face every day
- Execute trades, present proposals, discover investment styles... you make the decisions

## Professional MBA: No GMAT/GRE Required

Our program is small by design and we evaluate each applicant thoroughly. We assess your academic readiness by reviewing your professional experience, academic transcripts, a face-to-face interview and other application materials. You may choose to submit a GMAT or GRE score, but it is not required and you don't need to apply for a waiver.
